Reno Area Chapter 99s Newsletter

June 2005

Chairman's Corner

It is hard to believe this 99 year is almost over. I am proud to be a member of the Reno Area Chapter. I want to thank all of you for your support this year in all of our projects.

We donated over 550 hours to RARA last year and I'm not sure that counted all of Shaaron's time. We educated Girl Scouts on two levels. We recognized the FAA employees; attended career days; safety seminars; and in general, publicized aviation.

There were five of us representing the chapter at the Spring Section Meeting. The chapter received recognition for having seven new members join since January 2004 and for beginning the Girl Scout Badge program.

We have had a ball making our airplane (boat) for the 4th of July "regatta" at the Sparks Marina. I encourage everyone to attend at 8:00 a.m. — well, 8:30 would be ok unless you are the crew. Everyone there will know about the 99s when we are through!

I will be gone from June 16 through June 28. Joyce and I will be stopping in Atchison for the International Forest of Friendship induction on the 18th. I am not sure who to thank for bestowing

this honor. I really don't think I have done anything special — just have fun as a Ninety-Nine. We will go onto Lafayette (Purdue University) Saturday afternoon, weather permitting, for the Air Race Classic. We are Classic 12 and you can check on line to maybe get information as to how we do in the race. The actual race dates are 21-24. www.airraceclassic.org

Girl Scouts

Shirley and Kathy W met with the Girl Scouts to set dates for next year's presentations. We are going to do both Patch and Badge presentations on the same day. (Patch 9-12 and Badge 1-4) We decided since it seems to take almost the whole day anyway, we would plan that way. We will have fewer weekends and hopefully more girls.

Dates are:

October 15	Carson City
October 29	Susanville
February 25	Reno
April 1	Winnemucca

June Meeting

If you haven't done so, you have until **Thursday, June 2**

Dates to Remember

June 1 — Lake Tahoe Chapter installation luncheon at Bonnie Seymour's Lake Tahoe Home. (You have already been notified about this; call Kathy for ride sharing.)

June 2 - Deadline to call Annie with your reservation (entree choice for dinner for the June 9 dinner at Thunder Canyon.

June 9 — We will have a business meeting at the dinner. It will be very abbreviated but necessary.

July 4 — Regatta at the Sparks Marina.

July 14 — Regular Meeting in Reno.

August meeting to be decided.

to call Annie with your reservation (entree choice) for dinner. It is \$35 per person including tax and tip. No-Host cocktails at 6:00; dinner 6:30, and program at 7:30. We will be celebrating our successes of the past year, honoring our 49 1/2s, honoring our scholarship winners, and hearing from Elgin Long. Please come help us celebrate.

Proud Grandma Alert

Linda Chandler-Law sends the following info:

“Ruby not only was recognized this spring as ‘Best New Cadet’ (for her squadron for the quarter), she recently received two varsity letters — one in cheerleading and one in track. More important, during the year-end awards ceremony on May 13 (which Ruby missed because she was at the New Mexico ‘State’ track meet), it was announced that she had earned two additional awards: Best New Cadet of the Year and Most Distinguished Cadet of the Freshman Class.”

Our most sincere congratulations to a very nice young lady (in addition to all of the things she has won)!

Fall Section Meeting

At the Fall Section Meeting (September 29 to Oct 1) we will be presenting our invitation to come to the Spring Meeting and also pre-registering people. For these reasons I am suspecting that we may have more people going than usual (hopefully).

One of the attractions will be a tour of Test Site 51. This is a full day tour and will need to be on Thursday, which would mean you would need to spend Wednesday night there. Mardell has taken a rough count of who will be participating of those who were at San Fernando; if you want to go, you probably should either e-mail or snail mail your room needs to her.

In addition, you will need to request a security clearance. These forms were passed out at San Fernando, and I have some. I can either e-mail you a copy (in the same PDF form as the news) or I can snail mail them. Either way, they must be mailed immediately! I will bring some with me to Thunder Canyon as well. However you get one, do it right away so you won't be disappointed.

In the meantime, remember that time is fleeting — be kind to each other.

Mardell has taken a rough count of who will be participating of those who were at San Fernando; if you want to go, you probably should either e-mail or snail mail your room needs to her.

In addition, you will need to request a security clearance. These forms were passed out at San Fernando, and I have some. I can either e-mail you a copy (in the same PDF form as the news) or I can snail mail them. Either way, they must be mailed immediately! I will bring some with me to Thunder Canyon as well. However you get one, do it right away so you won't be disappointed.

In the meantime, remember that time is fleeting — be kind to each other.

Reno Area Chapter 99s Newsletter

June 2005

Chairman's Corner

It is hard to believe this 99 year is almost over. I am proud to be a member of the Reno Area Chapter. I want to thank all of you for your support this year in all of our projects.

We donated over 550 hours to RARA last year and I'm not sure that counted all of Shaaron's time. We educated Girl Scouts on two levels. We recognized the FAA employees; attended career days; safety seminars; and in general, publicized aviation.

There were five of us representing the chapter at the Spring Section Meeting. The chapter received recognition for having seven new members join since January 2004 and for beginning the Girl Scout Badge program.

We have had a ball making our airplane (boat) for the 4th of July "regatta" at the Sparks Marina. I encourage everyone to attend at 8:00 a.m. — well, 8:30 would be ok unless you are the crew. Everyone there will know about the 99s when we are through!

I will be gone from June 16 through June 28. Joyce and I will be stopping in Atchison for the International Forest of Friendship induction on the 18th. I am not sure who to thank for bestowing

this honor. I really don't think I have done anything special — just have fun as a Ninety-Nine. We will go onto Lafayette (Purdue University) Saturday afternoon, weather permitting, for the Air Race Classic. We are Classic 12 and you can check on line to maybe get information as to how we do in the race. The actual race dates are 21-24. www.airraceclassic.org

Girl Scouts

Shirley and Kathy W met with the Girl Scouts to set dates for next year's presentations. We are going to do both Patch and Badge presentations on the same day. (Patch 9-12 and Badge 1-4) We decided since it seems to take almost the whole day anyway, we would plan that way. We will have fewer weekends and hopefully more girls.

Dates are:

October 15	Carson City
October 29	Susanville
February 25	Reno
April 1	Winnemucca

June Meeting

If you haven't done so, you have until **Thursday, June 2**

Dates to Remember

June 1 — Lake Tahoe Chapter installation luncheon at Bonnie Seymour's Lake Tahoe Home. (You have already been notified about this; call Kathy for ride sharing.)

June 2 - Deadline to call Annie with your reservation (entree choice for dinner for the June 9 dinner at Thunder Canyon.

June 9 — We will have a business meeting at the dinner. It will be very abbreviated but necessary.

July 4 — Regatta at the Sparks Marina.

July 14 — Regular Meeting in Reno.

August meeting to be decided.

to call Annie with your reservation (entree choice) for dinner. It is \$35 per person including tax and tip. No-Host cocktails at 6:00; dinner 6:30, and program at 7:30. We will be celebrating our successes of the past year, honoring our 49 1/2s, honoring our scholarship winners, and hearing from Elgin Long. Please come help us celebrate.

Proud Grandma Alert

Linda Chandler-Law sends the following info:

“Ruby not only was recognized this spring as ‘Best New Cadet’ (for her squadron for the quarter), she recently received two varsity letters — one in cheerleading and one in track. More important, during the year-end awards ceremony on May 13 (which Ruby missed because she was at the New Mexico ‘State’ track meet), it was announced that she had earned two additional awards: Best New Cadet of the Year and Most Distinguished Cadet of the Freshman Class.”

Our most sincere congratulations to a very nice young lady (in addition to all of the things she has won)!

Fall Section Meeting

At the Fall Section Meeting (September 29 to Oct 1) we will be presenting our invitation to come to the Spring Meeting and also pre-registering people. For these reasons I am suspecting that we may have more people going than usual (hopefully).

One of the attractions will be a tour of Test Site 51. This is a full day tour and will need to be on Thursday, which would mean you would need to spend Wednesday night there. Mardell has taken a rough count of who will be participating of those who were at San Fernando; if you want to go, you probably should either e-mail or snail mail your room needs to her.

In addition, you will need to request a security clearance. These forms were passed out at San Fernando, and I have some.
