Reno Area Chapter 99s Newsletter

October 2005

Chairman's Corner

Thank You doesn't seem enough to express our gratitude to everyone for all of your work at the Reno Air Races. Dene did a yeoman's job in coordinating everyone and everything at the last minute and literally the last minute once the races started as we added jobs.

If you haven't sent her your actual hours, please do so immediately. Even if they didn't change from your original assignment, e-mail or call and confirm your hours to her. Please don't make her have to call you.

We know that Valerie now knows and values the 99s as good workers and we will probably have more hours next year. Thanks to Lake Tahoe and Reno High Sierra for their help, too.

We got the names of some prospective members at RARA and will be inviting them to come to our meetings.

Four of us are off to Section meeting this weekend. We will be presenting an invitation to our meeting and passing out registration information and gliders. We hope to come home with some pre-registration checks.

Please note the information on the Lake Tahoe Chapter 30th Anniversary. They need your RSVP by the 6th. That is why you are getting the newsletter before we return from section meeting. I hope some of you can attend. Unfortunately, I can't attend due to a family commitment.

We hope you will all attend the next meeting in Carson City.

49 1/2s On The Road to Recovery:

Ken Orcutt is on the road to recovery from his surgery. Pat says he doesn't have a lot of stamina but is progressing well.

Gerry Batty fell off a ladder and broke his shoulder the first of September. He had surgery to put in three pins. Two are out now and he is being careful with his left shoulder-arm.

Hang in there guys!

Purely Personal. Thanks so much for cards, calls, and e-mails. Ken is now cancer free! The worst was worrying about him under anesthetic for 8 hours with his breathing problem!!
