## Chairman's Corner

When you get this it will be time to say, Happy Groundhog Day! I have just returned from the Winter Business Meeting in Redding. Linda Mae was there, too, so we can both fill you in on what happened. Basically, we pitched the Section Meeting in May. The business was addressing the awards programs and standing rules.

I want to thank Linda Law for making the arrangements for our last meeting at B'Sghetti's in Carson City. We got a lot done. We were pleased to have three guests: Jan Gageby — currently a Member of the Ventura County Chapter who has moved to Fernley; Sallie Lincoln — a licensed pilot who works in the Capitol building; Mary Anne Read — who is starting glider instruction. We got a lot of business completed. At our February meeting we will make a decision on hats for the goody bags.

Many thanks to Pam Sutton for updating and revamping our web site. Please take a look. You may access it in two ways. [www.ninetynines.org](http://www.ninetynines.org) then look for chapters in your state and click on us. Or [www.sws.org](http://www.sws.org) and click on Nevada to find us. We have already had gals tell us they found our information about the

Section meeting and how to contact us.

You will find information about other business throughout this newsletter.

\* \* \*

### Section Meeting:

Please bring a list of times you will need help for your committee to the February meeting. This includes Minden airport transportation, hospitality at the hotel and airport, transportation for glider rides/lessons, anything else you can think of — like ticket takers.

We will combine the lists and pass them around to our members first. Lake Tahoe and Reno High Sierra are asking how they may help, also.

For those of you who have never attended a Section Meeting you do not have to pay a registration to attend the meeting on Saturday morning. You may volunteer to help at no charge. However, if you intend to attend the events (meals) — and we hope you do — you must pay a registration fee. Members who volunteer a minimum of four hours for the meeting may register for the “early bird” \$109 fee. The 49 1/2s meals and events may be purchased

separately. Only those paying full registration receive a goody bag.

### New Addresses:

### Christmas Meeting/Party

#### December 3

I have contacted Austin's Restaurant, at your request, about having our party there again this year. Their calendar does not go that far yet. I am waiting to hear back from the manager, but don't think it will be a problem.

### Goodies to the FAA

We decided to take goodies to the FAA on Friday, February 10. At the meeting there was interest in a tour of the tower/approach that afternoon. I have contacted them and due to personnel changes we cannot do it at this time. Actually, Larry who does the tours would stay and give us a tour on Saturday morning but it didn't seem fair to ask him to stay over a few hours after a midwatch. He is changing hours, etc., in mid March and will work 8-5 so I said I would contact him then about a tour for us. (Cont.)
