## Chairman's Corner

**This is a Special Edition** of the Sagebrush Air News!

We have been invited to the **Reno AIR Race Volunteer Dinner**. Some of you received invites, however, they do not have a list of all of our names and addresses. The dinner is to be held on Saturday, June 17<sup>th</sup> at 6:00pm in the RARA Hangar. If you worked at the Air Races this past year, you are invited to attend. I understand it is a not to miss event. To attend you must RSVP to Bobbi at 972-6663 no later than June 9<sup>th</sup>.

While you are making reservations –Don't forget that tomorrow, Monday is the positive last day to call or e-mail Annie for your reservation for **our dinner –meeting on Thursday night**.

**AND** if you wish to attend **Lake Tahoe Chapter's meeting on Wed. June 14<sup>th</sup>** Please call Bonnie Seymour and let her know. So far I know that Shirley T, Dorothy and Kathy W are going. Bonnie's number is (775) 857-1102.

We are still receiving Thank-you's for our meeting. You are all awesome!

## AIRMARKING

Many thanks for Jeanne Pierce for organizing and carrying out the airmarking of FARIAS WHEEL 122.9, 500 sq ft of center line and the #s. Jeanne, Anne and Jerry Batty, Jan Gageby, Linda Law and Kathy Walton along with Jeanne's partner, Joe, and four other guys-residents at the airport-accomplished the job with ease. The temperature did not go as high as promised – thank goodness.

We are indebted to Lynn Meadows and the Reno High Sierra Chapter for their assistance. Lynn charted out the letters and numbers for Jeanne and loaned us their equipment. Shaaron Snead is housing our equipment, however, she has been on an extended trip.

We, also thank the residents for morning snacks and a nice lunch. Idaho 99, Olivia Welsh, formerly of Reno Area, helped make and serve the lunch.

## SOARING HIGH

Word has it the Air Sailing Thermaling Camp attended by Grace Higgins turned into a Wave Camp. Now if you attended our Section Meeting you know the difference. One day Grace achieved an altitude of 17,500 feet and the next day 20,300 feet. Way to go Grace!

\*\*\*
